APPENDIX SHOWING AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph added to page 1, before line 1, to read as follows:

--This application is a divisional of application U.S. Patent Serial No. 09/232,469, filed [July 15, 1999] January 15, 1999, now allowed, which in turn is a continuation-in-part of copending International Application PCT/FR97/01322 having an international filing date of 16 July 1997, and designating the U.S. and claiming priority from French application Serial No. 96/09402, filed 16 July 1996. All of the above-mentioned applications, as well as documents cited herein and documents referenced or cited in documents cited herein, are hereby incorporated herein by reference. Vectors of vaccines or immunological compositions of documents cited herein or documents referenced in documents cited herein or portions of such vectors (e.g., one or more or all of regulatory sequences such as DNA for promoter, leader for secretion, terminator), may to the extent practicable with respect to the preferred host and administration route of this application, also be employed in the practice of this invention; and, DNA for vectors of vaccines or immunological compositions herein can be obtained from available sources and knowledge in the art, e.g., GeneBank, such that from this disclosure, no undue experimentation is required to make or use such vectors; see also PCT/IB97/01040, filed July 28, 1997 and designating the U.S., incorporated herein by reference. --
